

Glasgow Caledonian University Student elections are upon us.
Make a Difference to our University!

Hello, I'm Kris

One of your candidates for the post of LGBT Officer =]

I am a 2nd year Interactive Media Developer hoping to represent the LGBT within the student body and contribute to making the student experience better for LGBT, and all, students at Glasgow Caledonian.

4 Main points =D

the setting up of an LGBT Society

This something i feel has been neglected for to long! a place for LGBT students to gather, build a better sense of community by organising events, get support and generally have a good time!

~LGBT Specific Support

Working in Tangent with NUS LGBT Scotland i hope to promote new LGBT mental health & support Project. Having helped and contributed to the "There's more to my Education" Project is something i feel very strongly about.

More information on this can be found on the facebook page

Pride

For some time now the Universities involvement with outside LGBT events have been less that noticeable this, again, i feel is something the Students should be part of! How many Students, knew this February was LGBT history month?

It is a great disappointment to have seen nothing happen for this.

Pride within the University and the LGBT community needs to improve!

LGBT night

working in conjunction with the LGBT society, once it's up, I would like to look into the possibility of starting an LGBT night once or twice a month. The general idea is to get pretty hammered, but i would like to look into the possibility of having this in our student union above walkabout or some other venue if possible.
